PLANS COMPLETED BY ORGANIZED LABOR TO FIGHT "OPEN SHOP"

Hopes by Methods Outlined for Campaign to Bring the Public Into Closer Relationship With the Organized Labor Movement —Declaration of Principles a Big Step

(By The Associated Press)

WASHINGTON, Feb. 24.—Plans for the launching by organized labor of a nationwide campaign to offset the "open shop" movement and alleged propaganda of opponents of trades unionism were completed at the closing session of the labor conference which had been in session here since yesterday.

By this method the federation hopes to bring the public into a closer relationship with the organized labor movement. It is the aim of labor to make it possible for everyone to understand fully what are the facts about labor's organizations, their efforts, their protests and their purposes and to make it impossible for anyone to be misinformed, President Gompers said.

President Wilson was asked by the conference to veto the Winslow-Townsend bill as an unjustifiable concession to the railroad owners who have shown a wanton disregard for the law and lawful processes.

Declaration Important One

The declaration of principles adopted by the conference yesterday was declared by labor leaders to be one of the most important and most militant instruments ever approved by representatives of Organized Labor.

Whether the principle advocating a at refusal on the part of labor to recognize or abide by the terms of injunctions, will be carried out generally by labor unions it was explained, will depend upon the attitude of each individual national and international union. The principle is not a new one with the federation, however, as it was first adopted at the 1916 convention of the federation.

The proposal made at the conference yesterday that congress be asked to repeal the Volstead act was not reported upon today by the executive council and did not come before the full conference. The council, it was stated, will take whatever steps in this regard that it deems advisable.

APPOINTMENT OF REAL SPOKESMAN OF LABOR ASKED

Harding Called Upon by Organized Labor for Such Choice

NO NAME SUGGESTED FOR THE PLACE

(By The Associated Press.)

WASHINGTON, Feb. 24.—Organized labor called upon President-elect Harding today to appoint to his cabinet as secretary of labor, "a recognized representative of organized labor and a real spokesman of the working people of "our country and who understands the toilers."

The request made in the form of a telegram to the president-elect at St Augustine, Fla., was declared by labor leaders to be practically an endorsement of James Duncan of Quincy, Mass., a vice president and member of the executive council of the American Federation of Labor, whom they regard as the one candidate who is a "recognized representative of organized labor."

Message Signed By Leaders.

The telegram was signed by President Gompers, the members of the executive council and representatives of the national and international unions affiliated in the American Federation of Labor, and the representatives of the four railroad brotherhoods.

The resolution authorizing the telegram was adopted here today by the labor leaders after a lengthy conference at which the cabinet situation and the incoming administratio was disussed. While approval of Mr. Duncan's appointment to the cabinet as secretary of labor was voiced by the speakers, it was learned that it was considered inadvisable to suggest any name to the president-elect.

PANAMA ASKS U. S. TO INTERVENE IN ALLEGED INVASION

Influx of Political Refugees Is Armed Intervenion

ARMED MISSION HAS BEEN SENT

(By The Associated Press)

WASHINGTON, Feb. 24.—The United States government was asked by Panama today to use its good offices to avoid any bloodshed in Central America growing out of alleged invasion of Panma soil by Costa Rican troops.

Acting on instructions from President Porras, Charge d' Affaires Lefevre, of the Panma legation informed the state department that what advices described as influx of political refugees from Costa Rica, to Panma was actually an armed invasion. Mr. Lefevre requested that the United States intercede with the Costa Rican minister here.

A message received by Mr. Lefevre from his government and communicated to Under-Secretary of State Davis was to the effect that troops, acting on instructions from the Costa Rican capital at San Jose had occupied territory bordering on the Coto, Golfito and Colorado rivers.

An armed mission headed by General Manuel Quintero, a member of President Porras' cabinet was said to have been dispatched from Panama to the treatened region by the way of David, where civilian troops are being mobilized. The purpose of this expedition, the cable stated was to "regain sovereignty over the invaded territory."

SUBSTITUTING "DUMMIES" TO SERVE JAIL TERMS

New York, Feb. 24.—Prohibition agents charged here today that saloonkeepers sentenced to jail for violating the Volstead act, are substituting "dummies" to serve their terms. After pleading guilty the agents said the saloonkeeper is permitted two days grace to wind up his business affairs and then hires his "dummy" generally a bar room hanger-on for $75 or $100 who presents himself at the jail.

REVOLTS GROWING IN UKRAINE DISTRICT

Riga, Feb. 24.—Reports received here from Moscow say that revolts are growing in the Ukraine and in the Tambov and Saburg districts of Russia.

The Moscow reports say it is rumored that munitious sailors began a bombardment of Petrograd Wednesday.

RECOVER THIRD BODY FROM CENTRALIA MINE

(By The Associated Press)

CENTRALIA, Ill., Feb. 24.—The body of George Early, the third and last of the three miners killed in an explosion at Mine No. 5 of the Centralia Coal company last night, was recovered tonight. The man had written a note and pinned it on a box telling rescuers where to find him. He then walled himself in a tunnel. He apparently lived several hours after the explosion for the note was dated February 24.

The cause of the explosion which occurred while shotfirers were blasting, has not been determined. Debris and gas have hampered mine rescue squads who were at work under the direction of Martin Bole of Springfield, assistant state director of mines.

The explosion on the 700 foot level blocking many of the passageways. The body of Harry Warren was found under a pile of debris. Late today the body of Samuel Goforth was recovered.

FATE OF MINERS IS NOW DECIDED

(By The Associated Press)

Duquoin, Ill., Feb. 24.—The fate of seven men caught in the Kathleen Mine at Dowell, five miles south of here was decided today when the shaft was sealed to extinguish the flames.

Frank Rosbottom, state mine inspector, ordered this action after rescue squads had reported there was no other way to check the fire and all hope of saving the imprisoned men had been given up.

WRINKLES IRONED OUT OF SCARRED TARIFF MEASURE

Senate Fixes Tariff of $1.60 Per Hundred on Sugar

HOUSE MAY NOT CONCUR IN DUTY ON THIS ITEM

(By The Associated Press)

WASHINGTON, Feb. 24.—Differences in the Fordney emergency tariff bill as it passed the house and senate were smoothed out today by conferenc committees of the two branches of congress and the battles in which the scarred measure was sent back to the house for final action ended.

Altho the bill has a parliamentary right to consideration tomorrow, it was deemed unlikely that it would be called up before Saturday. Some of its supporters however, might compel early consideration in an effort to hasten its arrival at the white house and enable an attempt to override the president's veto if such is necessary.

As the bill went back to the house it carried a flat rate of two cents a pound tariff on the ordinary household brand of sugar. The proposed tariff amounts to a doubling of the import duties on sugar of all grades, making Cuban sugar pay a duty of $1.60 per hundred pounds and a similar rate on molasses and kindred sugar products. The house conferees stood pat on a refusal to permit a tariff on hides and leather products.

They likewise forced a reduction of 50 cents per pound from the rate fixed in the senate amendment on certain classes of tobacco. The senate rate of four cents per pound on cherries was comprised at three cents per pound.

House May Not Concur.

There was speculation tonight whether the house would concur in the agreement on its conference commission on the sugar duty. Three attempts were made it was recalled to put sugar in the list when the bill was put up in the house and all were voted down overwhelmingly.

Schedules which were changed in conference and the rates agreed on are:

Wheat 35 cents per bushel; rice (cleaned) 2 cents per pound, 1 cent per pound on other; olive oil (in bulk) 40 cents per gallon, in less than five gallon lots, 50 cents per gallon; cotton, (staple of one and one eighth inches or longer) 7 cents per pound; sugar 2 cents per pound; butter and substitutes, 6 cents per pound; wrapper and filler tobacco, the product of two or more countries when mixed $2.35 per pound if stemmed, filler tobacco unstemmed 35 cents per pound, stemmed 50 cents per pound; cherries 3 cents per pound; olives in solution, 25 cents per gallon, not in solution 3 cents per pound.

CANADIAN MINISTER FOUND NOT GUILTY

(By The Associated Press)

SANDWICH, Ontario, Feb. 24.—One of Canada's most dramatic murder trials ended this afternoon when a jury after less than an hour's deliberation, found the Rev. J. O. L. Spracklin, former liquor inspector and pastor of Sanwich Methodist church, not guilty of manslaughter in killing Beverly Trumble, an innkeeper.

Trumble was shot and killed by the clergyman during a raid on the inn on the night of November 5. Accompanied by several of his liquor enforcement officers the Rev. Spracklin visited the establishment where he testified resistance was offered by Trumble and his employes. Threatened by Trumble who flourished a revolver the clergyman declared he fired, convinced his own life was endangered.

OPPOSE NO SMOKING BILL.

Washington, Feb. 24.—The House composed largely of smoking men, stood up tonight for the man who smokes peacefully while working at a Government desk.

There was a shouting of "noes" when a Senate amendment to the sundry civil bill directing heads of departments to issue anti-smoking orders in Government buildings came up for its first test. Less than a score of members supported it.

It was designed as a protection against fire.

LEONARD EASILY OUTPOINTS WELLING

St. Louis, Mo., Feb. 24—Benny Leonard, light-weight champion, easily outfought Joe Welling of Chicago, in an eight round, no-decision bout here tonight according to newspapermen who witnessed the contest.

CALIFORNIA HAS WARM WEATHER

Santa Barbara, California, Feb. 24.—With a temperature 90 degrees, Santa Barbara today experienced the warmest February day in seven years according to the local weather bureau.

Takes Unequivocal Stand On Mandates

WASHINGTON, Feb. 24.—The American government has taken an unequivocal stand with regard to its right to voice in the disposition of the former overseas possessions of Germany.

Secretary Colby, in his note of last Monday to the council of the league of nations made public tonight at the state department submits that the disposition of hose possessions cannot be undertaken or effectuated without the assent of the United States.

Furthermore, he states that the United States as one of the principal allies and associated powers "has equal concern and an inseparable interest" with the others of those powers in the territories taken from Germany and concededly an equal voice in their disposition.

Declaring that the American government cannot regard itself as bound by terms and provisions of the madate give to Japan over the Pacific Island of Yap at the meeting of the league at Geneva last December 17 the secretary requests that the council having obviously acted under a misapprehension of the facts, in assuming that the United States approved a Japanese mandate over the island, re-open the question for the further consideration which the proper settlement of it clearly requires.

Discussing the note today state department officials declared that in acting at this time the present administration had strengthened the position of the ew administration which comes into office March 4, rather than adding an embarassment.

Referring to the Yap mandate, Secretary Colby says in his note to the council that at the time of the discussions of the question at Paris, President Wilson was particular to stipulate that it should be reserved for future consideration and that subsequently the United States in notes to Great Britain, France, Italy and Japan set forth at length its contention that Yap had in fact been excepted from the proposed mandate to Japan for the islands north of the equator formerly held by Germany.

GENEROUS AMERICA WILL RESPOND TO APPEAL OF CHINA

This is Belief of Chairman of China Famine Relief Fund

GIVES DETAILS OF RELIEF NEEDED

(By The Associated Press)

NEW YORK, Feb. 24.—Starving children of China is expected immediately to succeed the children of Europe in the hearts of generous America, said Thomas W. Lamont, chairman of the China famine fund commissioner in giving out today reports just received thru the state departmet from Charles R. Crane, the American minister.

In many ways the recent recet reports are regarded as optimistic. Money is needed—millions of dollars—but ample food is purchaseable in Manchuria and transport difficulties have been completely overcome.

"The question of getting relief to the starving is solely one of money," says Mr. Crane, and by relief he included food, clothing and preventive measures against typhus.

Gives Details of Work.

The Lamont statement is based on cable advices giving details of relief measures needed and already in operation.

Speaking of the improved transport conditions Mr. Crane says that three thousand tons of food a day are now being moved by railroads ad this quantity could be increased immediately to 6,000 tons, if the money was forthcoming to buy the food of which ample supplies are available in Manchuria. It is pointed out by the China famine fund that Mr. Lamot has timed his announcement so as to reach the public when Mr. Hoover's splendid campaign is nearly over and has been crowned with success.

FRIENDS SOLVE HIGH COST OF SOUVENIRS

Purchase Chair Daniels Occupied at Cabinet Meetings—Will Use It In Newspaper Work.

WASHINGTON, D. C., Feb. 24—Friends of Secretary Daniels have solved for him a high cost of souvenirs problem involved in ownership of the tall-backed, upholstered chair which he occupied at cabinet meetings during his eight years in President Wilson's official family circle.

Mr. Daniels expressed a desire to take the chair home to Raleigh, N. C., with him when he returns to resume private life as a newspaper editor and publisher. He was told it would cost him $141.

That about changed his mind, but friends intervened and purchased the chair as a gift for the retiring secretary to share in his editorial deliberations, the Government profiting more than 100 per cent on the deal since the chair cost originally only $65 and the $141 represents replacement cost today.

MASSACHUSETTS GETS LAST APPROPRIATION

Washington, Feb. 24.—Massachusetts was allowed an appropriation of $214,000 by the senate today as final payment on the cost of civil war coastal fortifications which the state erected at its own expense. Senator Lodge, Republican, Massachusetts, said it was the last of a series of paymenis allowed by the government to coastal states which spent money for fortifications during the Civil War.

ANOTHER NORTH DAKOTA BANK CLOSES

Bismarck, N. D., Feb. 24.—The Farmers' State bank of Braddock closed today due to depleted reserves, according to word received by O. E. Lofthus, state bank examiner. Forty banks in this state have suspended business since November. Two have re-opened.

AMERICAN NOTE EVIDENTLY WAS HOT OFF THE BAT

Proceedings of the Council are Marked by Great Secrecy

JAP GOVERNMENT MAKES NO COMMENT

(By The Associated Press)

PARIS, Feb. 24—The secrecy of the proceedings of the council of the League today provoked lively speculation as to the effect of the American note upon the different members. It became known when the full text of the note was made public today that the United States in addition to making reservations with respect to the Island of Yap, attributes to Japan as mandatory, claimed an equal concern and interest with the other principal allied and associated powers on the disposition of the overseas possessions of Germany.

The theory has been advanced that the only possible friendly solution of the question again brought to the forefront by the United States would be for Japan to say that she did not insist upon the mandate for the Island of Yap and would be agreeable to the internationalization of Yap under Japanese supervision. Thus far the Japanese government has not committed itself and the general impression is that the whole matter must go to the supreme council.

The adversaries of publicity in connection with the proceedings of the council succeeded today in hermetically closing both morning and afternoon sessions. The mere announcement was made this evening that the council had continued to consider the Polish-Lithuanian conflict.

CONTINUE INQUEST IN MYSTERIOUS DEATH

(By The Associated Press)

CHICAGO, Feb. 24.—The inquest in the case of Mrs. Florence Cook who gave her address as Rockford, Ill., before she died yesterday at the Michael Reese hospital, of burns, was continued today indefinitely. Authorities were unable to reach any relatives. A telegram sent to Mrs. Mary Trossoc, Rockford, whose name was given the hospital by Mrs. Cook before she died was undelivered.

The only clews to the woman's identity were a letter signed "C. J. C.," and a photograph of a man with the same initials on the back, found in the woman's effects. A letter dated last June was addressed to "Mrs. Florence Cook, Momence, Ill."

Mrs. Cook came to the hospital Feb. 17, suffering from severe burns received, she said, when she spilled a bucket of scalding water on herself.

MURDER CHARGE BRINGS PARALYSIS

NEW YORK, Feb. 24.—Charged with killing a woman he believed to be alive so shocked John McMonagle of Philadelphia when arraigned here today that part of his face became paralyzed and he collapsed. He was arrested Feb. 18 and charged with felonious assault for shooting and wounding Dorothy Seltzer. After his arrest he sent letters almost daily to the woman, who was in a hospital.

She died last Sunday and was buried today in Philadelphia, but McMonagle knew nothing of it until he was brought into court and told that a new charge—murder—had been booked against him. He was held without bail.

WILL POOL FIFTY MILLION BUSHELS WHEAT

Hutchinson, Kans., Feb. 24.—The state committee of the wheat growers' association has agreed on a wheat pool of fifty million bushels of the 1921 wheat crop approximately half the state crop this year to be held in reserve and marketed thru a state agency.

SENATE WILL GET CALDER BILL IN MODIFIED FORM

Strike Out all Provisions for Federal Control

NO CAUSE FOR GREAT ADVANCE IN PRICES

(By The Associated Press)

WASHINGTON, D. C., Feb. 24—Greatly modified in form, the Calder Coal regulation bill was sent to the Senate today by the committee of manufacturers with a unanimous recommendation for passage at the present session.

All provisions in the bill for federal control and operations of the coal industry during emergencies and all tax proposals aimed at eliminations of excess profits in coal dealings were stricken out by the committee, but requirements for full and current publicity on coal mining costs and profits to be gathered by the federal trade commission, were left intact.

The committee inserted a section requiring the federal trade commission whenever in its general reports it found instances of extortionate or excessive profits taken by coal mining corporations to make individual and corporate reports have been made public and to report them individually to Congress.

Further sections added would require the commission to compile data on contract sale on coal while the geological survey is authorized to compile full current reports on local products, stocks and movements.

No Excuse for Advanced Prices.

"The committee finds," the report added, that no cause constituted eight justification or legitimate excuse for the great advance in prices which occurred, which the evidence clearly shows was participated in by operators, wholesalers and retailers and aggravated by the entrance of a horde of speculators.

"It is fair to say that all operators, wholesalers or retailers increased their prices unduly. Many operators, particularly of the larger class, had a large proportion of their output under contract prices prevailing prior to termination of the fuel administration."

The report concluded with the assertion that Congress, "had a manifest duty at this time," to bring about publicity of costs and profits in the industry and to declare that coal is a basic necessity, charged with a public interest and use.

Senator Calder, Republican, New York, author of the bill, expressed satisfaction with the committee action as being as far as it is possible to go at this time.

WEALTHY FARMER KILLS WIFE, THEN TAKES LIFE

Woman's Head Crushed and Throat Cut—Man Found Hanging in Doorway—Top of Head Blown Off.

(By The Associated Press)

Peoria, Ill., Feb. 24.—A double tragedy was revealed at Toulon, Ill., tonight when sheriff's officers battered in the door to the house of Jarve Gindrich, wealthy farmer, and found his body and that of his wife. Her head had been crushed and her throat cut. The top of Gindrich's head was blown off by a shotgun. Both were fully clothed.

Gindrich's body was found hanging from a doorway facing his wife's body. With his foot he is believed to have discharged a shotgun which blew off the top of his head and kicked the chair from under his feet and hung himself after murdering his wife.

The discovery of the bodies cleared up the mysterious disappearance of Gindrich and his wife who had not been seen since Wednesday afternoon when they returned in their automobile from Princeville where they had been living this winter with her parents, Mr. and Mrs. A. B. Debord. Mr. Debord is assistant supervisor of Peoria county.

STATE OF WASHINGTON ADOPTS SCHOOL STYLES

Olympia, Wash., Feb. 24.—Teachers and pupils in schools of Washington are barred from wearing high heels and transparent clothing and the superintendent of public instruction is empowered to fix the maximum amount which they may spend for clothing, under the provisions of a bill introduced in the house of the legislature today.

The bill provides that teachers and pupils must cover their persons with non-transparent clothing from neck to within twelve inches of the bottom of the heel.

Heels must not be higher than 1¾ inches.

NEW YORK AMATEUR BOXERS WIN VICTORIES

New York, Feb. 24.—New York amateur boxers scored victories in four of the eight clashes in the inter-city boxing tournament which ended here tonight. Pittsburgh boxers were second with three victories and Philadelphia was third with one.

JOB HUNTERS ARE GIVEN KNOCKOUT BY GOVERNOR SMALL

Says There is Nothing Doing in the Job Line Until all Administration Measures are Passed—Maybe Some Aspirants to State Jobs Will Have to go to Honest Work

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 24.—Governor Len Small threw a wall of disappointment in front of the army of job hunters today when he announced that the legislative grist mill and not the political plum tree will receive his attention during the next few weeks. He issued a statement declaring that he has pigeon-holed all applications for jobs and will leave them unnoticed until administration measures are disposed of in the general assembly.

The governor's statement was taken as a hint to the legislature to speed up the session which has dragged thru seven weeks. The governor said:

Text of Statement.

"Pressing problems of vital importance to the people are requiring my exclusive attention. These important matters including road legislation and building of hard roads, legislation which will give home rule in the regulation and control of public utilities, questions of revenue, and appropriations to our state educational institutions and common schools, charitable institutions and other state departmen's must first be disposed of before I devote my time and energy to the further consideration of applications for appointments. I will not take up questions of further appointments, unless an emergency arises, until the important legislative problems of this session have been solved."

SUPREME COURT APPROVES SALE OF STOCK YARDS

Armour Disposes of Holdings in Chicago Properties

CLAIM ARE HOLDING STOCK TOO HIGH

(By The Associated Press)

WASHINGTON, Feb. 24—Sale by Armour and Co., of its interest in the Chicago stock yards to F. H. Prince and Co., of Boston, was authorized today by the District of Columbia supreme court as the packing company owned only twenty shares of stock in the yards and Prince and Co., the remainder, the government interposed no objections. The price paid was $1,500,000.

The court also consented to the sale by Armour and Co., of forty shares of the Denver, Colo., stock yards to George Graingeer. The price was not made public.

Hearings on other features of the revised plans of the five big packers for disposal of their holdings were continued until next Monday.

The court intimated that plans filed by Morris and Co., Wilson and Co., and Cudahy Packing company providing an immediate surrender of their holdings to a trust company to be named by the court were most nearly in accordance with the idea in the mind of the court.

Under Control of Court

The trust company under the plans would be under complete control of the court. Much of the argument before the court today had to do with plans submitted by Swift and Co., and by Armour. Assistant Attorney General Kresel contended that Swift and Armour plans did not provide for an early and complete divestment or for obsolute control by the court during the period of sale.

He declared that on some of the stock a prohibitive price was being placed by the packers, asserting that they were holding the St. Louis yards at $120 a share when Wilson and Co., in their plan had admitted that the best offer made to them for their holdings of that stock had been only $88.

Attorneys for Armour denied that a prohibitive price was being asked. Counsel for Wilson explained that the price was due to the feeling among investors that the court would order an immediate sale at any obtainable figure.

LABOR MAY BRING COURT PROCEEDINGS

WASHINGTON, D. C., Feb. 24—Intimation that labor may bring court proceedings to bring about an interpretation of certain sections of the transportation act was given by Frank P. Walsh, general counsel of railway labor in a petition sent today to the railway labor board at Chicago. The petition asked for an immediate decision by the board on labor's request for the calling of a conference between railroad executives and labor leaders to settle complaints as to rules and national agreements.

"It may be necessary," the petition said, "to seek a judicial determination as to certain features of the transportation act and as to interpretations of the act by carriers, by ourselves and by your honorable body."

INCREASED RATES ARE ANNOUNCED ON STEAMSHIP LINES

Will Cost More to Travel to Resorts This Year

LINES PREPARE FOR PRE-WAR SCHEDULES

(By The Associated Press)

NEW YORK, Feb. 24.—Resumption by leading trans-Atlantic Steamship companies of the pre-winter and summer passenger tariff schedules with an increased rate for summer travel was announced here today by several of the leadig steamship lines. The summer rates, effective March 1, will call for an increase of 10 per cent in outward first class passenger rates on some of the lines, and on others the increase will apply to both east and west bound travel.

The international Mercantile Marine Co., Holland-American line and Cunard lie said the rate will apply to east boud travel only. The French line announced it would apply both to and from Europe and also to the second class. Other lines were non-communicative on the matter of increased rates.

Increased travel during the summer months necessitating the employment of additional forces and other added expense incident to summerbusiness was given as a reason for the new rates. First-class accommodations from New York to Europe under the new tariff will range from $205 on the lyarger vessels to $2,500 and upward for special accommodations in cabin de luxe suites.

The only way that the housing shortage, which is disturbing many cities, can be relieved is by the building of more houses. But with the fight being waged to lower rents and all this talk about the greedy landlord, what investor is likely to be encouraged to the point of building a house for rental purposes?

The question remains to be decided whether the American Federation of Labor or any other organization in the United States is strong enough to defy the courts and the laws of these same states. There are something like 4,000,000 persons in the federation and the total population is above the 110,000,000 figure.

In Maryland the attorney general has ruled that because of a certain state enactment that women cannot hold office. It is his opinion that the statute specifying male citizens when it comes to elective or appointive offices must be followed.

Probably when the supreme court gives its opinion in the proceeding certain to go up from Maryland, the attorney general will find that when equal suffrage became a fact that it carried with it the right to hold office.

Well wishers of the Harding administration and most people who are without bias will be pleased to know that Herbert Hoover has decided to accept the cabinet post. He will be secretary of commerce and the country knows that as such Mr. Hoover will be a real secretary and that his actions will be based not only upon an understanding of conditions at home by of world conditions as well. Mr. Hoover's war record was of a kind to silence his few critics. He is known as a man of big ideals, not warped by any narrow partisanship and his appointment will add to public confidence in the incoming administration.

Those Americans who make continual pleas for the United States to concern itself first of all about its own affairs and let the rest of the world take care of itself, will some time realize that this policy of "aloofness" cannot be pursued to the end. Charity probably does begin at home in national as well as in personal affairs, but the fact remains that mere selfishness requires a certain amount of interest on the part of the U. S. in other countries of the world.

There must be markets beyond the U. S. boundary lines if the surplus of goods produced finds its proper disposal. Friendship for nations is not a bad thing, either, for as presonal friendship is an asset, so it is with nations.

It is not a new thing to chronicle the lack of interest shown by the average citizen in the public affairs of his own community. Tuesday of this week the question of the purchase of Springfield utilities was submitted to the voters. The proposal involves the expenditure of a large sum of money and has a relationship to the whole question of municipal ownership. Nevertheless, only 12 per cent of the voting population took part in that election.

On the same date the people of Chicago voted on the matter of issuing $8,000,000 in bonds to pay off the city's floating debt. That was a big sum, even for Chicago, and the records show that less than 50 per cent of registered voters took the trouble to go to the polls and express their views.

Charley Roth claims that the oldest joke is the one about the Irishman and his wife who were looking at a picture showing a man hanging from a rope suspended from the top of a high cliff.

"My, my!" said Mrs. Brogan. "What wud happen to the poor man if that rope broke!"

"Nawthin wud happen to him" replied Mr. Brogan. "If the rope broke, he'd have sinse enough to let go of it, wouldn't he?"

Luke McLuke Says:

The woman who has to water two gold fish and launder a poodle knows that the woman who has nothing but four children to look after doesn't know what Maternal Cares are.

There will always be battles as long as husbands and wives try to do the thinking for each other.

Once in a while you will meet a stubborn cuss who is so far behind the times that he ought to be stuffed and sent to a museum.

Anyway a woman would rather admit that she is Strong-Minded than admit that she is Wrong-Minded.

Even when a woman has to use a shoe horn to get her skirt on she hates to admit that she is getting Stout.

Say something complimentary to your wife every day and you will remove one wrinkle from her brow.

Perhaps you would not talk so much if you stopped to think that people do not pay any attention to 99 out of every 100 words you utter.

Women are smarter than men. If a man's vest buttoned up the back he couldn't put it on without help.

It is a mighty good thing this was a warm, open Winter. Otherwise most of the girls would have frozen to death.

A wise wife knows that you can jolly a lot more out of a husband than you can nag out of him.

When a girl falls down she would rather break a leg than have a hole in her stocking.

Every husband tries to save money by telling his wife that men never notice what women have on.

FAMILY SUPPER AND SOCIAL

Caritas Rebekah Lodge No. 625 to Enjoy Social Evening.

The annual family supper of Caritas Rebekah Lodge No. 625, will be held at the Odd Fellows Hall on West State street, Friday evening at 6 o'clock.

This annual supper is always a very enjoyable affair as the Rebekahs come, bringing all the members of their families; in addition all Odd Fellows and their frends are invited. The supper is provided by the ladies who attend, each one bringing not more than two articles on the bill of fare, thus making the work very light.

An extra feature of the event this year will be a short play following the supper, a nominal fee of ten cents admission being charged. The money will be used for the degree staff. The play to be given is the "School at Skeeter Corner," which has been revised, rewritten and re-edited, to fit the occasion. Several novel features have been added and a good time is promised to all.

After the entertainment, which starts at 8 o'clock, dancing will be the order of the order.

The degree sta is rounding into good form after their instruction last week by Past State President, Mrs. Margaret Weldon of Cairo. A final drill will be held on Wednesday, March 2, and the work conferred upon a class on Thursday, March 3. The work will be given to a larger class on March 17.

THOMAS SMITH HOLDS HOG SALE AT BLUFFS

The sale of Poland China hogs held by Thomas Smith at the Pine garage in Bluffs Thursday, brought together a large company of bidders. Mr. Smith has held sales before and his stock is well known. Most of the bidders came from Morgan, Scott and Pike counties, altho there were other counties represented. Fifty-three hogs were sold, the average price being something in excess of $50. The sale totaled approximately $2,750. The auctioneers were, J. L. Henry, Finis Seymour and Bert Way, while Roy H. Beird served as clerk.

WILL BE MARRIED IN CONCORD TODAY

The marriage of Dr. A. C. Bolle and Miss Hilda Ator, both of this city, will take place at noon today in Concord. Miss Ator is a daughter of Mr. and Mrs. C. B. Ator, who resided in this city for many years, but who are now residents of Concord precinct. The groom-to-be is a veterinary surgeon and has for some time past been associated with Dr. C. E. Scott. Both young people are well known in this community and their many friends will unite in extending cogratulations and good wishes.

SERGEANT CHOATES TO LEAVE JACKSONVILLE

Robert Choates who has been the local recruiting officer for thirteen months, received orders Wednesday to report to the Springfield office. The local army recruiting office has been closed until further orders are received.

Sergeant Choates will be stationed to duty in Panama.

When he left Jacksonville he did not know just what his further orders would be. Sergeant Choates has been in Jacksonville long enough to make a great many friends who will wish him success in his new station.

Orders for 400,000 gallons of oil to be used in different road districts of the county have been placed this week with W. H. Cocking. This supply in addition to oil already purchased for other districts makes certain that there will be a large amount of highway oiling done in the county this year. In some other districts oil is still to be purchased.

Anthony Kennedy Says 5,000 Jack Rabbits Killed In Hunt—He May Bring Back the Ears to Prove His Story.

Anthony Kennedy, of this city, who is visiting his daughter, Mrs. Gilbert Marlow, in Dubois, Idaho, recently witnessed a jack-rabbit hunt, according to word received here by a friend.

Mr. Kennedy wrote that 700 men and boys were engaged in the chase and that 5,000 jack-rabbits were killed. The hunt took place at Camas, Idaho.

Mr. Kennedy told a reporter for the Clark County Enterprise that the hunt was the greatest sight he had ever witnessed. The Idaho paper states that Mr. Kennedy intended to tell the folks in Jacksonville, on his return, all about the hunt but that he didn't think he would be able to make "them believe it." "Tony," probably has the right idea about the yarn, he might make us believe it by bringing the 5,000 jack-rabbits home with him. Photographs will not help him out very much as "freak" photograpy has caused many citiezns to look on pictures with suspicion.

OLD DOCUMENTS TELL OF EARLIER DAYS

In looking thru some old papers yesterday Homer Wood of Pisgah precinct, found a number nearly 100 years old. The papers were the property of his great grandfather, Richard Wood, one of the best known among the early settlers of Morgan county. One tax receipt dated Sept. 23, 1823, was signed by S. T. Matthews and indicated that Mr. Wood had paid the sum of $2 as his taxes, for that year.

A tax receipt for $1 dated in 1826, was signed by J. M. Fawpete. There were a great many old documents in the wallet, in which these receipts were found and naturally the great grandson cherishes them as valuable family relics.

SCOTT'S THEATRE

Friday and Saturday

Quite the most distinguished member of the cast for

THE SOUL OF YOUTH

did not gain his fame behind the footlights. The work of

JUDGE BEN LINDSEY

who presides over Denver's famous juvenile court, is known in every quarter of the world. Perhaps to a greater degree than any other human being, Judge Lindsey has mastered the complexities of a bad boy's nature. Perhaps, too, he has brought back more hell-bent boys to lives of usefulness than any other individual. Judge Lindsey personally appears in Mr. Taylor's great picture.

Don't get the idea that THE SOUL OF YOUTH is painted in gray tones; there's the love of a maid for a man, and humor and racing color in every reel of it. Through its rollicking length the Joys put down the Glooms.

The story, by JULIA CRAWFORD IVERS, in breadth and scope is worthy of Mr. Taylor's fine direction and the fortuune spent in its production by Realart. It is big in theme and purpose, with a logical and satisfying climax.

Perhaps the memory of the human interest bits will linger longest—they usually do. There's the litle orphan boy, on his "swallowing days," eating cheese out of a mouse trap and gnawing indifferently at a cake of laundry soap. Also the little negro boy in a bathtub which is steadily filling with water and whom the matron has forgotton. With the water creeping up to his chin, the appealing little chap prays: "Oh Lawd, if You can't shet that water off, won't You please send some one dat kin!"

1914 PRICES

By taking advantage of the crashing declines in the markets; by purchasing goods for cash for 21 stores at a time when manufacturers were in financial distress; by purchasing goods of known quality from the U. S. Government Quartermaster's Corps, and by offering these goods at a low margin of profit, we are able to afford the people of Morgan county opportunities to purchase high grade merchandise at prices that in most cases parallel 1914. This is a feat difficult of accomplishment for concerns accustomed to twice-a-year- buying and the high marginal profits.

COMMUNITY HIGH SCHOOL AFFAIRS

Hearing on Petition From Prentice Heard In Springfield.

Recently a hearing was held in Springfield on the petition of a number of residents of the Prentice community high school district for admission to the Ashland district. A second petition was filed asking dismissal of the first petition and the desired action was taken by the body which heard the petition. Under the law the county judge, the county clerk and the county superintendent of schools must act upon such petitions and when the interests of more than one county are involved these three officers from each of the counties must be consulted in the matter.

It so happens that Sangamon, Cass and Menard counties are interested in the Ashland district. Consequently it was arranged for the judge, clerk and superintendent of schools in Morgan, Cass, Menard and Sangamon counties to meet in Springfield. The petition from the Prentice district residents bearing more than 300 names, was first considered by the Morgan county portion of this general committee, Judge Samuell, County Clerk Riggs and County Superintendent of Schools Vasconcellos.

The original petitioners were represented by Herndon & Stevens of Springfield, and a second petition was filed by John M. Butler of this city. The second petition included about 150 of the names on the original petition and asked that the original petition be dismissed. This was the action that the commission finally decided upon, after hearing the argument of attorneys. The Prentice community high school district was organized several years ago, but no high school building has been erected. Instead the pupils are sent to other high schools and the district pays the amount of the tuition.

The original petition asking that the Prentice district be added to the Ashland district, was instituted by Morgan county residents who are located not far distant from Ashland.

T. C. Jenkinson, who is resident in McAllister, Okla., recently sent to his father, E. A. Jenkinson, copy of a McAllister paper, which tells the story of a recent snow storm there. The blizzard swept all thru southwestern Oklahoma and McAllister seemed to be the center of the storm.

Snow was so badly drifted that traffic was almost at a standstill and the weight was so great on some roofs that the buildings were seriously damaged. Telephone and telegraph wires were down. Snow is so unusual in that locality that it took several days for the people to recover from the storm.

DECISION ON QUESTION OF GREAT MOMENT

Responsibility of Accessory to Murder to Be Fixed

IS IT GREATER THAN THAT OF KILLER?

OTTAWA, Feb. 24.—The supreme court of Canada was called upon today to decide whether the accessory to a murder is guilty to a greater degree than the person who actually did the killing. The question was brought before the court on the appeal of Joseph Remillard, convicited in Quebec of murder in conection with the death of Lucien Morissette. It was brought out at the trial that Morissette was killed by Remeo Remillard, son of Joseph, who was convicted of manslaughter at the same trial.

The evidence indicated that Joseph Remillard had influenced his son to kill Morissette because of alleged attentions paid to Mrs. Remillard, wife of Joseph and mother of Remeo.

After being found guilty of first degree murder Joseph Remillard was sentenced to death.

DECIDES STTATE OF WAR EXISTS IN IRELAND

Dublin, Feb. 24.—The king's bench, composed of the chief justice and four other judges rendered an important decision today in a case involving the powers of the military. The judges unanimously decided that a state of war existed and that the military had full power to deal with the insurrection without interference by the civil courts. The judgment was rendered in the case of John Allen of Tipperary, who wa ssentenced to death by a court martial in Cork for having a revolver and ammunition in his possession.

ARE IN FAVOR OF RECALL PROCEEDINGS

Fargo, N. D., Feb. 24—Members of the anti-non-partisan committee of 21, meeting here to decide whether recall proceedings shall be instituted against certain state officials are unanimously in favor of a recall according to a statement made public tonight. The statement given out by the committee follows:

"The sentiment of the joint commission of 21 was unanimously in favor of the recall of these officials primarily responsible for the plight in which the state finds itself at this time.

HUNTER RECEIVES INSTRUCTIONS, THEN KILLS

McCook, Neb., Feb. 24—Benjamin R. Mann, 35, is dead and John L. Fox is in the county jail here, charged with his death. Fox shot Mann at noon today during a wolf hunt a few miles from Stockville, Frontier county, using a shot gun and firing at close range, it is alleged.

Mann was one of the captains in the hunt and while he was giving Fox some directions the lattetr, it is charged by those who witnessed the shooting, without warning fired upon Mann, killing him instantly, the charge penetrating his heart. Sheriff Hudson brought Fox, wh is 57 years old to McCook this evening.

COMPANION OF DEAD MAN IS UNIDENTIFIED

Beardstown, Il., Feb. 24.—All attempts to identify the companion of Clifford Yockish of this city, who was found dead in a refrigerator car in Council Bluffs, owa, yesterday have failed according to telegram received here tonight from Rudolph C. Yockish, father of the young man. The telegram stated that the elder Yockish will arrive in Beardstown with the remains of his son at noon tomorrow.

Rudolph Yockish, Jr. a brother of the decendant said that funeral services probably will be held Saturday.

KILLS WOMAN, FATALLY WOUNDS HUSBAND

Danville, Ill., Feb. 24.—During a quarell tonight over t he woman, Charles Sharovich, a miner and world war veteran, shot and killed Mrs. Maggie Adamitis and fatally wounded her husband, Tony Adamitis, at their home in Westville, where Sharovich was a boarder. After shooting the husband twice, the murder's automatic postil clogged. He then ran into an adjoining room and committed suicide by shooting himself in the head with a shotgun.

LANDIS SENTENCES DRY LAW VIOLATORS

Lacrosse, Wis., Feb. 24.—Numerous sentences for violations o fthe liquor laws were imposed by Judge Landis in federal court here this afternoon. Called upon to sentence several men who asked for continuance or leniency because of their families, Judge Landis threw up both hands.

"For goodness sake," he exclaimed, arent there any but men with wives and babies handling moonshine in this neck of the woods?

Several Lacrosse saloonkeepers were given prison sentences of from three to six months, and fined in sums from $200 to $500. One defendant, charged with giving away liquor at a poker game was fined $400.

TRAGEDIES RECALLED BY PIONEER'S DEATH

Death of Survivor of Reed and Donner Party Brings to Memory Tragic History of First Overland Trip From Illinois to California.

Springfield, Ill.—Tragic history of the first overland trip of white men from Illinois to California, which be fore it succeeded resulted in death by starvation to many and reversion to cannibalism of others, has been recalled here by the reath and burial in Los Angeles last week of Mrs. Virginia Lewis Murphy, survivor of the Reed and Donner party which left Springfield in April of 1846.

Mrs. Murphy was born in Springfield, in a house which still is standing, in 1834. She was fourteen years old when the expedition was organized. Her father, James Frazier Reed, and three Donner brothers were the leaders. Their wives and families, with those who joined them before civilization was left benumbered eighty persons. With the Reeds was the late Mrs. Murphy's great grandmother, an aged woman, who refused to be left behind.

Her death soon after the Mississippi river was crossed gave the the present state of Kansas its first white man's funeral and its first white woman's grave. This was the first of many troubles. Disaster followed. Rivers left behind the caravan wended its way into the edges of the great American desert. Water gave out. Oxen tugged on for a space but eventually lagged listlessly in the ropes. Unhitched from the wagons they were driven ahead in search for water.

Indians Capture Cattle.

Sensing the nearness of a stream before the men, the cattle broke restraint and escaped. When the stream was reached no oxen could be found. Indians had captured them. There was no alternative for the leaders but to desert the wagons. Huge holes were dug and the vehicles buried. In that which Mrs. Murphy and her aged great grandmother had ridden, a family cook stove with the family Bible inside was buried. The burial place was at the foot of the Great Salt Lake in Utah. Mr. Reed years later asked Brigham Young to aid in locating it but without success.

Two disastrous errors in judgment followed quickly. The Illinois pioneers took the Hastings cut-off, and then in the heart of the mountains decided to rest. A snow storm overtook them while they tarried and in hastening on thru they hopelessly lost their way and came to a halt huddled together exhausted, in forty feet of snow above the lake which bears the Donner's name. It marks the Donner's burial place. All three brothers succumbed and their wives.

Death came also by starvation, but not until all of the party, it is said, except James Frazier Reed and his little family had eaten of human flesh. For one entire week the Reeds subsisted on the meat of one dog. The late Mrs. Murphy, her little brother and sister, and her mother all ate of it.

Evil Turned Into Good.

Fortune turned evil into good for the remnant that remained. It happened that one man of violent disposition was beating his horse, when Mrs. Reed appealed to him to desist. His wrath turned against her and he rose with ox goad in hand to strike. In her defense James Frazier Reed struck him a blow that laid him lifeless. Reason and even rude justice had deserted the hopeless journeyers. They drove Reed from camp without gun or knife to protect himself.

His wife and daughter, Mrs. Murphy followed him that night, fetching his gun—then bidding him farewell, they watched him disappear into the west, and turned back.

This judgment of the pioneers however, brought salvation to those whose stern vitality kept alive a spark of life, for Mr. Reed, encountering friendly Indians, sent them back to succor those he had left, and himself pressed on till the white men on the coast were reached. A relief party found the four Reeds alive among the dead.

Reach San Francisco.

They reached San Francisco when it was called Yeuba Beuna, and were there already when in '49 the gold rush brought other voyagers across the land they had come. Mr. Reed made a great fortune several times, and Mrs. Murphy married one of three multi-millionaire brothers.

The Reeds first settled on the site of San Jose, and it is related that Mr. Reed himself laid out the streets of that city.

Relatives of the Reeds and Donners still live in Springfield. It is recalled since notice of Mrs. Murphy's death that the outfit for the overland expedition was purchased at Springfield's oldest dry goods store, owned by Mr. Thayer and called by his name. Among descendents of the Reed family are Charles Robinson, prominent Springfield hardware dealer, and Miss Margaret Robinson.

Miss Robinson recounted the story of the trip, after hearing of her grand aunt's death, displaying as she told it relics and mementos in her possession which for her and those familiar yet vivify the intimate details of that first and terrific overland trip from Illinois which started from Springfield.

VALUE OF SKIM-MILK AND TANKAGE FOR PIGS

One pound of tankage has about the same feeding value for pigs as 10 to 12 pounds of skim-milk or buttermilk when each is used in the proper proportions. Stated in another way, 100 pounds of skim-milk has a feeding value of about 8 to 10 pounds of tankage. There are several guides that may be used in estimating the value of each feed. One is that a pound of tankage should be purchased for about one third the price of live hogs per pound. Another is that 100 pounds of skim milk should be purchased and delivered for about 40 per cent of the price of a bushel of corn. It is also sometimes said that 4½ pounds of skim milk are equivalent in feeding value to 7 pound of corn. Rather than not use any protein supplement to corn, one could afford to pay more than above stated for either feed.—J. W. Rice, Dept., of Animal Husbandry, U. of I.

CAR OVERTURNED ON ROAD TO WOODSON

Travelers over the Woodson road yesterday afternoon reported that an Overland car had gone over an embankment at a point about two and a half miles south of this city. The car which is in a badly demolished condition, remains near the scene of the accident and the identity of the owner is somewhat of a mystery. One report was to the effect that the drivers were in an intoxicated condition and that this was the cause of the accident.

ILLINOIS DEFEATS BRADLEY AT PEORIA

Take Opponents in Camp Before Big Crowd of Rooters—Illinois Men Play Fine Brand of Ball—Many Fouls on Both Sides

Peoria, Feb. 24.—Illinois College defeated Bradley at basketball here tonight before one of the largest crowds of home rooters of the local season. Bradley has been playing wonderful ball in recent games and her supporters were out in force rooting for a win over Illinois to even up the defeat suffered by Bradley in the game at Jacksonville.

Both teams played at top speed thruout the entire forty minute period and the action was fast at all times. Many fouls were committed during the game. Illinois had twelve personal fouls and six technical fouls called. Bradley suffered ten times.

Of these fouls Antrobus got five out of ten throws. Mooney got nine out of eighteen.

The score at the end of the first half was 11 to 7 in favor of Illinois and this relative advantage was maintained during the second half. Bradley only scored one field goal in the first half.

For Illinois Antrobus was the chief point maker, getting six field baskets and five free throws. Mooney, guard of Bradley, made most of the locals' points, getting two field goals and nine free throws. The score:

Deaths

Wolke.

Walter Garland, the infant son of Mr. and Mrs. O. Wolke, died at 4 o'clock Tuesday, Feb. 22, at the family home in Lynnville. Frederick Roland, the twin brother of the deceased, passed away a few days earlier. Burial was made in the Lynnville cemetery. Mrs. Wolke before her marriage was Miss Ozella Duckwall of Lynnville.

Reed.

Mrs. Anna Brown of this city has been called to Springfield by the death of her father, Isaac P. Reed, which occurred at St. John's hospital there Wednesday morning. The deceased was sixty-eight years of age at the time of his death and had resided in the capital city for many years.

Funeral services will be held from the family residence this afternoon at 2:30 o'clock, with interment in Oak Ridge cemetery.

Maul.

Mrs. Roy Maul passed away at 3:30 o'clock Thursday morning at a hospital in Canton, following an illness of several days. The remains will be brought to Literberry and the funeral services will be held at 11 o'clock Saturday morning from the Literberry Christian church. Rev. I. H. Fuller, pastor of the Woodson Christian church, will be in charge.

The deceased was about twenty-two years of age at the time of her death and was an adopted daughter of Mr. and Mrs. Edwin Cade of Woodson. She spent her girlhood days in Woodson and was well and favorably known in that community. On Sept. 7, 1920, the deceased was united in marriage to Roy Maul of Literberry. Soon afterward they established their home in Canton and have since resided there.

The deceased is survived by two brothers and one sister, Clifford and Edwin Cade and Helen Cade. Her mother and father preceded her in death a number of years since.

BASKETBALL GAME HAS BEEN POSTPONED

Myers Brothers Will Not Play Here Tonight—Game Postponed Until Next Tuesday

The basketball game between the Knights of Columbus and Myers Brothers five of Springfield scheduled for tonight in Liberty hall has been postponed.

The pontponement was at the request of the visitors who were unable to assemble their full strength for the contest. Myers Brothers is really the old Weavers team reorganized and will be a strong combination.

Leo Flood, manager of the Knights received word Thursday, when the postponement was asked for, that Poscover, former high school star and past two years with Millikin, will be in the Myers Brothers' lineup.

Myers Brothers manager asked that the game be set for next Tuesday. This the Knights were able to do so the two teams will clash in Liberty hall on that date.

FOREIGN WAR VETS ENJOYED SOCIAL TIME

Program and Smoker Enjoyed at Meeting Thursday Evening—Are Planning Big Banquet.

A large numer of members were present Thursday evening for the regular monthly social meeting of Harrison A. Dickson Post, Veterans of Foreign Wars.

The event was in the nature of a smoker and an excellent musical program was enjoyed. The program follows:

Trombone and cornet duet—The Cognac Twins, Pinkerton and Hubendahl.

The String Quartet—Connolly, Badger, Carter and Gibberson, rendered all the latest song hits in a new and original manner. They were compelled to respond to a number of encores.

Ordrain P. Cox quartermaster of the Post who is leaving the city soon, presented his resignation, which was accepted. Worthington Adams was elected to the position.

Mr. Fox has been a great force in the organization of the Post and has been one of its best boosters. Much of its progress is due to his efforts.

Arrangements have been made for a dance to be given in Armory hall, March 29. Music will be furnished by Dunlap's orchestra.

Plans also were discussed and committees appointed for a banquet to be given by the Post. March 10 was set as a tentative date, tho it has not been definitely fixed. The following committees were appointed by Commander Barnes to arrange for the banquet:

Publicity—George Coe, chairman; John A. McFarland, John Pfeil, William Lippert, Edwin Eckhoff, Leo Sehy.

Financial — Walton Bland, chairman; Worthington Adams.

Entertainment—W. A. Scott, chairman; James Barnes, Marvin Ator.

Initiatory steps have been taken for securing permanent club rooms which will be at the disposal of the members.

PROPOSES DRASTIC CHANGES IN SYSTEM

New York Lawyer Calls Federal Judicial System Archaic—Approve Higher Salaries for Judges.

(By The Associated Press)

NEW YORK, Feb. 24—Drastic changes in the federal judicial system which he termed archaic were proposed in a circular issued here today by Thomas B. Felder, New York, chairman of the lawyers' committee for improving the federal judicial system. The circular announced that these proposals would be considered in Washington, March 1, at a meeting of the committee which comprises a chairman and one or more members from each congressional district thruout the country.

Reduction of the number of circuits of the United States from nine to five with five judges constituting a court and division of the country geographically so as to utilize the services of the present judges of the United States circuit court and the abolished commerce court, were included in the proposals.

Trial of violations under the Volstead act before United States commissioners was favored. The right of the chief justice to assign a judge from a district where the work does not require all of his time to any district where he is needed was also advocated.

Higher salaries for the federal jurists was approved.

PUBLICITY TO STIMULATE BUILDING

Chicago, Feb. 24—Newspaper publicity as a means of stimulating home building was urged by J. F. Bryan, secretary of the LaSalle Chamber of Commerce, LaSalle, Ill., in an address before the Illinois Lumber & Builders' Supply Dealers' association today.

"The only way to get the facts regaring conditions in the lumber business before the public is to use printers' ink," he said. "You can sell a home-building campaign to the people thru newspaper advertising."

R. L. Jones of Rockford, was elected president of the association for 1921 and J. D. Keck of Decatur, was elected vice-president.

AGED WOMAN DIES NATURAL DEATH

Chicago, Feb. 24.—Mrs. Nancy Chamberlain, 91 years old, art devotee, whose body was found in a geranium bed in her yard where it had been buried by her daughter and grand daughter, died a natural death, according to the verdict of the coroner's jury which today completed the inquest. The daughter and the grand daughter who confessed burying the body in the middle of the night, recently were held by city health officials to be mentally deranged.

CHRISTIAN CHURCH MEN WERE HOSTS

Entertained Royally for Mothers and Daughters Thursday Night —Excellent Program Given Following the Banquet.

One of the most successful events in the history of Central Christian church was the mothers and daughters banquet Thursday night. This unique affair had been planned by the men of the church and 370 mothers and daughters were their guests. The spacious dining rooms of the church were filled almost to overflowing but the men were equal to the occasion and unaided by the women of the church, served a splendid supper. At its conclusion a brief program was given.

Mrs. Lillian King was the first speaker and voiced the pleasure of the women in being the guests of the evening, and expressed the thought that the occasion would be fruitful in its results, helpful to the whole church organization. Some of the assigned themes were:

The Daughter's Relation to the Home—Leah Tayman.

The Mother to the Home—Mrs. Macklin.

The Daughter and the Mother —Miss Edith Ruyle.

The Mother and the Daughter —Mrs. G. R. Bradley.

Still later all of the company assembled in the auditorium of the church for another program. Rev. M. L. Pontius presided. The program began with an organ number by Willard Wesner. Then Mr. Quast of the Conservatory faculty sang a group of songs. A piano solo was given by Mr. Munger, after which Mrs. P. C. Thompson gave a reading, "Her War Medals." The final number was a violin solo by Mr. Kritch.

The company was enthusiastic in applause and of one mind in expressing appreciation for the excellence of the program. A social half hour was included in the evening's events and for mothers and daughters, fathers and sons, the occasion was one which will long be held in delightful memory.

H. C. Clement was chairman of the general committee and James H. Hall and Charles Rataichak directed the work in the kitchen. The dining room forces were in charge of C. H. Swaby, Frank Byrns and Frank H. Plouer. There was of course able assistance in all departments of work. W. W. Gillham was chairman of the entertainment committee and arranged the auditorium program.

J. H. S. PLAYS GAME WITH NORMAL HIGH

Meets East McLean County Team in David Prince Tonight—Game Promises to be Fast One.

Jacksonville High school's basketball five will play Normal High five in David Prince gymnasium this evening.

The visitors come with a reputation of being one of the strongest fives in that part of the state and the locals will have their work cut out for them from the sound of the first gun.

During the week Coach Mitchell has been putting his charges thru some strenuous practice and the men are in shape to travel at top speed thruout the entire forty minutes of play.

The forwards have been showing a better eye for the baskets and the team work also has improved. The guarding of Gard and Mawson also has improved with each game.

Recent events have proved that Coach Mitchell has a strong set of second string men. This will be of value in the district tournament which opens a week from next Friday.

The game tonight will be called at 8 o'clock. There is considerable expense attached to bringing Normal here and it is to be hoped the fans will turn out in large numbers to see the contest and root for the home team

Basketball tonight, J. H. S. vs. Normal. David Prince, 8 o'clock.

CULTIVATED LAND IS FREQUENTLY ACID

The fact that clover flourishes along a fence line is no evidence that the main field does not need liming.

At a soil testing demonstration in Jasper county, Iowa, a sweet clover plant with all its roots was dug up from a nearby fence to show the development and growth of the nitrogen gathering nodules on the roots. The soil on the sweet clover roots was tested for acidity and the soil was found to be free from acid. A sample of soil was then taken inside the fence only a few rods from where the sweet clover plant had been growing. A test of this soil showed the presence of acid to an extent that would require three to four tons of lime per acre in order to sweeten the soil and make it possible for the nitrogen gathering bacteria to flourish.

The fence row was virgin sod and contained some of its original supply of lime, but the cultivated land just inside the fence had lost all of its store of limestone and had developed an acid condition. This fact demonstrates that soils that are farmed with good management and proper rotations, nevertheless tend to become acid even though, in their natural state they contained more or less limestone. It is worth a farmers' while to make an acidity test of his fields, for many times sweet clover flourishes along country roads where the soil may get some lime from the dust produced by distinctly acid.

MAIL CAR ROBBED ON ALTON HUMMER

Robbers Cut Car From Train at East Quincy Junction Across River From Louisiana—Get Sack of Registered Mail.

According to word received here early this (Friday) morning Train No. 10, known as the Kansas City-Chicago "Hummer," was held-up at East Quincy Junction, Ill., across the river from Louisiana, Mo., at 12:55 a. m., and the mail car entered.

It is believed that the robbers boarded the tender of the engine at Louisiana. When near East Quincy Junction the men slipped over the tank of the engine and covered the engineer ad fireman, compelling them to stop the train. The mail car was cut from the train and run a mile up the track. The mail car was then entered and according to reports a registered mail pouch was taken.

The robbers made good their escape.

Train No. 10 is due in Jacksonville at 1:47 a. m.

This is the second time that the "Hummer" has been held up at this point, which is located on the Mississippi river.

William Haineline, third trick operator at the local Chicago and Alton office said that reports from the Roodhouse despatcher's office were that the train had ben held up and a mail pouch taken.

Do Your Hands Chap?

Then this bit of information will grow more valuable as the years pass on.

There is a hand lotion made that is so thoroughly liked that people send for it from numerous parts of this country. The two latest examples of this devotion are: One, a nurse who sends from Detroit, Mich., for the largest size we put up, because in all that wonderful city, she is unable to find its equal and she adds that it is the only thing she has ever found, which will keep her hands in the condition they must be, to work in the operating room. Another lady sends all the way from western Kansas for a whole quare saying she has searched everywhere for something as good being unable to find it, wishes a year's supply. She said she found one rather good one but it was sticky and she could not put on gloves and go, immediately after applying as she can with her favorite.

Again only last week a gentleman from Roodhouse purchased two of our largest bottles and this is the remark he made: "Believe me I can't live without this dope. One of these is for myself, the other for my wife. Say! do you folks know this is the greatest stuff made for use after shaving?"

There can be no higher praise than these actual testimonials. So why not end all your useless suffering, by trying one bottle at 15c (enough to last one month.) Or we will mail a bottle anywhere on receipt of 20c. Oh! Yes, it has a name, "Hazel Cream," but that is of no consequence, except to guard you against a likely substitute. You can get the real at only one place. We make it ourselves.

WANT NEW PHASES OF STATE HISTORY

Springfield, Ill.—History of Illinois, both local and state, has been so thoroly covered in previous publications and papers of the Illinois Historical society, that Mrs. Jessie Palmer Weber, librarian of the state historical library, has sent out a request to a number of prominent Illinoisans that they help in outlining a program for the next meeting, and suggest some phases of history that have not been sufficiently developed.

In response already received, one correspondent suggested that a comprehensive paper on the development of the states coal industry would be very timely, and another that there were some aspects of agriculture that needed further research and publicity.

The date for the meeting of the State Historical Society has not been est but will be some time in May, in this city.

Announcement of the program and speakers is awaiting further answers to Mrs. Weber's letter.

JAIL ROMANCE ENDS IN MARRIAGE

A Private Surgical Hospital

Thru its Public Health Department Says:—

Beginning the New Year with a SOUND BODY presided over by a sound mind—free, unbiased and with a large vision, is the surest preparation for a successful year. Money and attention devoted to securing this condition are the safest investments and bring the largest returns. Were I permitted I would say to you who are sick and need Surgical Attention—that "the next thing to having wisdom ourselves is to be profited by that of others," and have that examination made and defects removed.

Wisdom led over three hundred who valued life more than all things earthly—to travel the path that leads to the modern operating room of the New Home Sanitarium last year. They are living proof of the fact "That results of your work tell the people more about you than your 'SHEEP SKIN' or 'SOCIAL STANDING.'" "SAFETY FIRST—if WISDOM is your GUIDE."

Keep the Hens Well

Make Them Lay

Poultry raising has been reduced to a science, and the secret of success is found in keeping the flock free from disease. We have a complete stock of the Standard Poultry Tonics and Regulators, such as

PRATT'S—HESS'S—FLECK'S—CONKEY'S

In addition to keeping the hens well, very satisfactory results can be attained by feeding them some standard Egg Producer. We sell and recommend

GRIND YOUR CYLINDERS WHY?

Because you know that when an automobile comes from the maker the engine has true, ROUND cylinders. You also know that as soon as you start to run your engine, wear takes place in the cylinders.

Unfortunately the wear is not uniform. Therefore you cannot correct the error simply by changing pistons and rings.

To run right, your engine must have perfectly accurate, ROUND cylinders, otherwise

You Waste Oil
You Waste Gasoline
You Lose Power

If your car is repaired without accurate grinding of the cylinders (to make them ROUND and TRUE) the first step is overlooked to make your old car run as it should.

We Re-Grind Cylinders by a Special Machine as is Done in the Factory.
It's Done Right.

NEWS FROM VARIOUS COUNTY ADVISERS

Adams County Shipping Association Results. "The annual meeting of our Shippers' Association was held Saturday afternoon January 15. This association has accomplished some very good results in the past year. During the past year the association has sold $1,200,037.18 worth of business, shipping 38,434 head of hogs, 3091 head of sheep and 3,094 head of cattle, at a total cost of approximately 61.6c per hundred. S. L. Rishel of the I. A. A., Carl Kennedy, Associate Editor of Wallace's Farmer, and two representatives of the Agricultural Department of the state of Kansas were present and delivered short addresses. Several changes were made in the constitution and by-laws. Inquiries are coming to us daily from other counties and states for information about our organization." Gougler, Adams County.

Cooperative Shipping Pays: "Five local shippers' associations were organized in two weks time within Menard County. The first shipment netted the shippers about $200 over local price."—Hughes, Menard county.

The series of community meetings are well under way—"We find it very profitable to hold soil demonstrations in the forenoons and give the results of the service survey in the afternoons, covering the territory where the meeting is held. We use local talent in so far as it is possible. A summary of the townships thus far show a low acreage of legumes, not over 7 per cent of the tilled land. Three-fourths of the farmers indicate that they will use limestone if the landlord will buy it and if it can be secured locally. The value of the community meetings cannot be overestimated especially with a large membership where it is impossible for the adviser to keep in close personal touch with the members" — Fuller, Marshall-Putnam county.

The big job of the Farm Bureau for this winter is publicity. "We are holding from one to two big meetings in each township at which time we secure the services of a state speaker. We have organized a Farm Bureau quartet of which the Adviser and Assistant Adviser are members. We believe that our big job this winter is to furnish information to the individual members on what is being accomplished and what can be accomplished if they will stand by their organization."—Edgerton, Rock Island county.

Will standardize grades of melons and tomatoes—"A series of five meetings were held at the principal shipping points in the county-Balcom, Dongola, Anna, Cobden and Alta Pass. These meetings were well attended and were called for the purpose of having each local shipping point take some definite steps to improve the grade and package of vegetable products principally. The meetings showed that in most places the growers were determined to make some improvement this year so that Union county products would get a better name on the market.

At Balcom twenty growers decided to grow only three varieties of melons, to have the packages inspected by their manager and divided into first and second grade with rejection of some packages authorized if not up to grade. Balcom growers seemed to realize the necessity for turning out a better product as they at one time enjoyed quite a reputation on their melons which was lost thru sending out some poor stuff. At Cobden the growers decided to call another meeting at which an attempt will be made to have as many growers as possible decide on three varieties of tomatoes for this season and probably take some further steps in regard to grades and packages." — Doerschuk, Union county.

Approve of Utility Show—"I was very much interested in the Utility Corn show held at Galesburg. Judging from our knowledge of types of corn which have been giving the best returns on the basis of dry shelled corn, the method of judging used in Galesburg is a decided step in advance over the old method of judging. This conclusion was very greatly emphasized in our estimation when we visited the Iowa State Corn show at Ames the same week. The Iowa Corn Growers' Association has been conducting a field growing test of corn from 128 men during the past year."—Mosher, Woodford county.

Pool Soy Beans Thru New Organization—"The soy bean growers met and formed a permanent organization. They completed arrangements for pooling something over 1,000 bushels of soy beans and raised a fund of $150 for advertising purposes. They have already published 5,000 copies of a booklet on soy beans, copy of which is available for mailing." — Gougler, Adams county.

CLOSING OUT SALE OF L. M. SHIRTCLIFF

On Thursday, March 3, L. M. Shirtcliff will hold a closing-out sale at his farm one-fourth mile east of Lynnville. Six head of horses will be sold, together with 750 bales of timothy hay, 175 bushels Texas seed oats, some oats and oat straw. Two gasoline engines will also be sold. Several sets of harness and a lot of farm implements are included in the property to be offered to the highest bidder.

Governor Lowden of Illinois writes that the classes he took in the Chicago Association in 1887 were of great benefit to him.

You'll never get round-shouldered carrying the money you make by "contemplating" doing things.

The Secretary of State teaches a Bible class at Indianapolis. Over 200 newspaper carriers and messenger boys were given a dinner Christmas addressed by the Mayor.

Father and Sons the same the world over. At the Mexican Smelter Boys Father and Son banquet in El Paso, every boy brought a father. The High school girls of the city cooked the dinner, the boys served it. At Honolulu fathers and sons of all nationalities met—Japanese, Korean, Chinese, American, Hawaiian and mixed bloods—and with no bad feeling. In one city 50 banquets brought together fully 40,000 boys and their fathers.

At an All-day's Conference of 100 at Downer's Grove, Ill., the religious workers of Dupage County studied training for leadership, dicussing the ministry, Association, foreign missions, business and Sunday school work for a full day.

Rural High School Boys meet at noon weekly to study Fosdick's Manhood of the Master with fine results at the Clinton, Ill., Association.

In Vermilion County, Ill., 79 leading Christian men served as leaders and committee men heading up 18 groups with 198 serving as officers in committees reaching over 5,000.

This Was Retroactive. Ten organizations, Rotary and Boosters, etc., send older boy delegates to the Iowa Convention. The boys reporting to the Rotarian made a strong impression.

60 HEAD OF MULES—CONSISTING OF—

1 pair of black mare mules with full white points, coming 3 years old, 16 hands, weight 2700; this pair of mules stood 1st and 3rd in the two year old class at the Carrollton fair and now they are good enough to go to any fair.

12 pairs close matched mare mules coming 3 years old, 16 hands and over, fat and good hair.

8 pairs close matched mare mules, 15 hands and over, fat and good hair.

2 pairs horse mules, 4 years old, well broke and good ones.

1 pair grey horse mules cominb 3 years old. A pair of miners.

3 pairs brown horse mules coming 3 years old.

4 little horse mules 14 hands.

1 pair 7 years old black horse mules, 16 hands, weight 2400. As good as grow.

We have owned and fed nearly all of these mules about a year and they are all of them ready now to go to work.

9 GOOD USEFUL WORK HORSES

1 chestnut horse, 5 years old, weight 1700, and as good as lives; a show horse.

1 brown horse coming 6 years old, 1600 lbs., sound.

1 imported Belgian Stallion, a ton horse.

1 brown saddle horse, 5 years old, a rare good colt. We raised this horse and he is broke right to ride and drive. He has the right size and shape.

1 pair roan sorrel geldings, 4 years old.

1 pair mares, roan and black, 6 years old.

10 cows with calves, good red cows with calves at their side; all young cows.

42 coal black calves, most of them pure bred.

4 bulls, 16 heifers, 22 steer calves, as good as grow.

And we will sell 3 sets of work harness, 1 grain drill, 1 3-horse sulky plow.

4 fall boar pigs out of Col. Orange and our best sow. These are 4 nice pigs and I want them to get in service. The sire and dam of these pigs represent the best there is in the Poland China breed.

As an attraction we will sell 500 and perhaps 1000 A No. 1 hedge posts. Now this is a chance to get something every farmer needs, at your price.

TRAINS WILL BE MET—We will meet the east and west train at Drake at around noon and the 11 o'clock train at Barrow and take you back in time to catch the evening train. We will sell everything but the mules and horses before dinner, and the mule sale will start at 1:30 p.m. This is our fifth annual sale. The other sales were good ones. We have the best stuff this year we have ever had, but of course we are caught in this so-called readjustment, and this will be a bargain sale.

On account of the tightness of the money market we have arranged to carry paper on this sale at 7 per cent intesest.

The Patterson Baptist church ladies will serve dinner.

Daily Market Report

STOCK MARKET VERY UNSETTLED

By Associated Press.

NEW YORK, Feb. 24.—The stock market was very nervous and unsettled today various developments in the course of the fairly active session giving material acceleration to the further dowaward course of quoted values. Chief among these was the announcement that one of the largest of the independent steel manufacturers in the Pittsburgh district following the example set by its competitors had ordered a twenty per cent wage reduction effective March first. Another unfavorable incident was the suspension of the quarterly dividend on Ajax Rubber.

Advices dealing with latest aspects of the chemical and fertilizer trades confirmed recent adverse reports and gave added force to the persistent pressure directed against those stocks by professional interests. Steels, equipments, shippings, oils, motors and their accessories as well as copper, food and tobacco shares, were involved in the decline with sundry specialties including the mail order group at net losses of one to five points, but reactions among rails were relatively unimportant. Eales amounted to 535,000 shares.

Call money held at 7 per cent and time funds were available for the shorter dates. Exchange on London eased and the entire continental list of remittances eased appreciably.

The feature of the irregular bond market was the decline of Liberty 3½s to below 91.

Most other domestic and foreign issues were variably lower, especial industrial. Total sales (par value) $10,175,000.

East St. Louis, Ill.,—Feb. 24.—Horses and mules unchanged.

BEARS CONTROLLED WHEAT MARKET

(By the Associated Press.)

CHICAGO, Feb. 24.—Bears had a decided advantage in the wheat market today owing to uneasiness regarding the industrial outlook. Prices closed heavy, 3⅜c to 4⅜c net lower, with March $1.67 to $1.67½ and May $1.56¾ to $1.57. Corn finished 1¼c to 1½c down, oats off ⅞c to 1¼c and provisions at a setback of 7c to 22c.

Wheat values began to shrink as the market was open. Washington despatches telling of the miltant position which labor unions had taken as to injunctions and other related subjects was clearly the main factor giving impetus and at the same time acting as a deterrent to buyers. Some notice was given to statements that the greater part of the wheat arriving in Minneapolis came from Canada. In the decline in prices Italy bought 400,000 bushels.

Corn and oats sagged with wheat, despite assertions that Germany would import 18,500,000 bushels of corn to cut down wheat requirements. Big arrivals of corn had considerable bearish effect.

Weakness in provisons was ascribed to the down turn in the grain markets.

POPULAR POSTMAN TELLS OF TROUBLE

Has Gained 22 Pounds But Says That is the Least of the Benefits He Has Received from Tanlac.

"I have gained twenty pounds in weight in just a few weeks' time, but that is the least of the benefits I have received from Tanlac," said Alonzo Dunkel of Pleasant Plains, Ill.

"During the past year I went thru all kinds of suffering from indigestion. My appetite was poor and after every meal I would bloat up with gas until I almost smothered and had a burning in the pit of my stomach like fire. My kidneys were out of order and I suffered from sharp pains in my back.

"I was so restless a good night's sleep was something I was almost a stranger to. I had severe headaches and pains in my hips and legs that made walking always painful to me, and it gave me no end of trouble to get in and out of my car. My color was bad, I lost weight and strength continually, and had a tired, achy, run down feeling all the time.

"I hadn't finished my first bottle of Tanlac before I saw it was going right after my troubles. My appetite improved and I found I could eat without suffering so much afterwards. I have now finished my fourth bottle of Tanlac and I am like a changed man.

"All my stomach troubles have simply disappeared and so have the aches and pains that used to give me so much trouble. My kidneys don't bother me a bit and I sleep sound every night. My skin has cleared up and I feel so different I can't express it except just to say I am now a happy man."

Tanlac is sold in Jacksonville by Coover Drug Co., Wyle Drug Co., Franklin and Waverly and leading drug store in all cities.—Adv.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clear, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or stichy and is positively for tender, sensitive skins.

PARTY GIVEN TUESDAY FOR BLUFFS PUPILS

Pupils of 8th Grade Entertain 7th Grade Boys and Girls Tuesday Evening—Other Items of Interest From Bluffs.

Bluffs, Feb. 24—The pupils of the 8th grade entertained the pupils of the 7th grade at a party at the school building Tuesday evening. They were assisted by their teacher, Miss Nora Dolbeare. The hours, 7:30 until 9:30 o'clock were spent in games.

A splendid lunch was served and the 7th grades voted their hosts and hostesses ideal when it came to furnishing the eats.

Charles Bergner has returned from Ypsilante, Mich., where he visited his daughter, Mrs. C. H. Seckinger. He is well pleased with his new son-in-law and feels that he can safely trust the future of his daughter, Ercil, to his care.

The operetta, high school play under the direction of Miss Fern Crabtree, will be given at the opera house Monday night, Feb. 28th.

The Home and Foreign Missionary society met with Mrs. Harrison Corbridge Wednesday, Feb. 23rd. After the business session and regular program, light refreshments were served by the hostess.

Ralph Warren has sold his interest in the "movie" theatre to Wm. Hartnady, who assumed control of same Saturday evening. Mr. Hartnady and sons, Bernard and Harold, will manage same. Mr. Warren and family will probably leave town when a suitable location is found. They are splendid citizens and Bluffs regrets losing them.

Nina Lee, te infant daughter of Mr. and Mrs. Floyd House, who has been critically ill, is somewhat improved.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble end expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.
